Talk it over... with your friends, family,
or Growth Group.

Talking through the ideas presented in Sunday's message helps us apply God's word to our individual lives. These questions are designed to help you put His words into action in your life this week.

- *Joe used the term "powerful" as he described the importance of relationships. There is power for good and power for harm. Name a situation in which a relationship has been very helpful for you and/or a time when they have been harmful. What was helpful and what was harmful?*
- *What is the greatest personal obstacle you must overcome to developing healthy relationships?*
- *What do you need to do in order to become a "safer" person relationally?*
- *Do you find church a safe place to be when it comes to relationships? Why or why not? In your opinion, is church a good place to discuss some of the core problems in your life?*
- *Can one truly solve problems on a horizontal or human level without dealing with the vertical (relationship with God)? How do you think Jesus would answer that question? What do you think was Paul's position on this question?*
- *What has God done to communicate the importance of relationships to this broken world?*
