“Going Strong: Jonah”

Dr. Joe Scruggs,
Associate Pastor of Congregational Care

Jonah, Chapter 2

The purpose of the book of Jonah is not to learn about Jonah,
but to learn about God

The _____ gives Jonah an assignment.

- Jonah appeared to be aware that there could be consequences, but he disobeyed anyway
 - Disobedience puts _____ people in danger

The _____ sends the great storm.

- In addition to the wind and rain, there was _____ in the storm

The _____ had arranged for a great fish to swallow Jonah.

Our problem with the “great fish” is that we try to fit God’s actions into our reality as opposed to fitting our reality into God’s actions.

- Jonah did not _____ the grace he received

Jonah’s main need for deliverance was not from the sea, but from an attitude of rebellion toward God.

Jonah is regaining perspective. _____ comes from the Lord.

Although deliverance is good and right, it is not always easy or pleasant.
